CURRENT TECHNICAL ABILITY

~14 MILLION
annual financial transactions

CURRENTLY SERVING
2 000 to 3 000
SOUTH AFRICAN SMEs

SINCE 2001
DATA CENTER COLLOCATION
WHILE UUNET STILL EXISTED

SaaS

±R 2.7
BILLION annual value
of clients'
transactions

approx. 4 MILLION
annual document tracking records

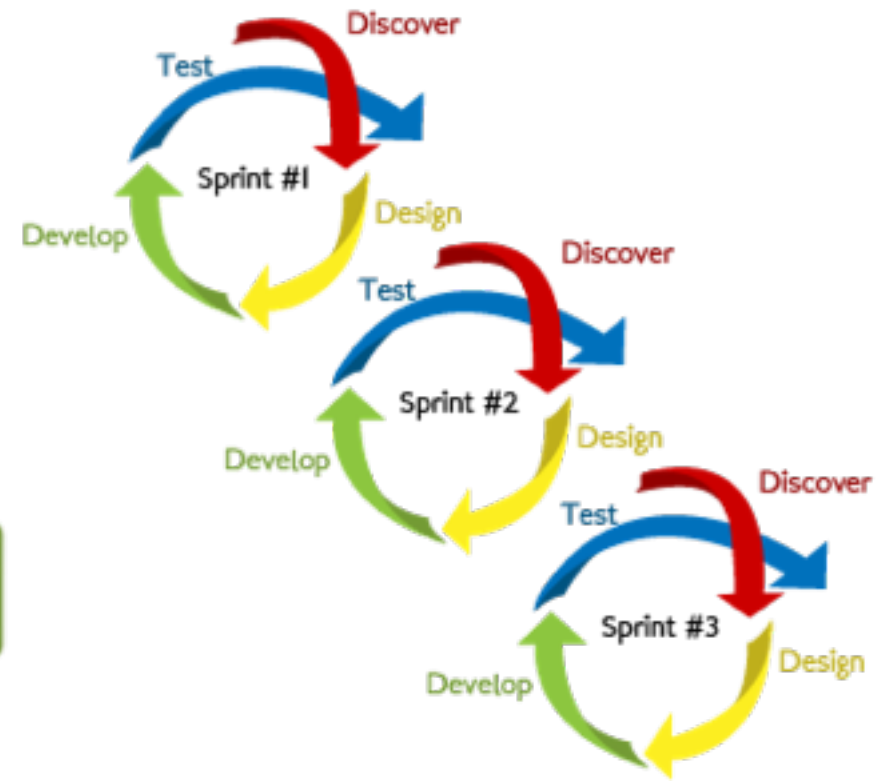

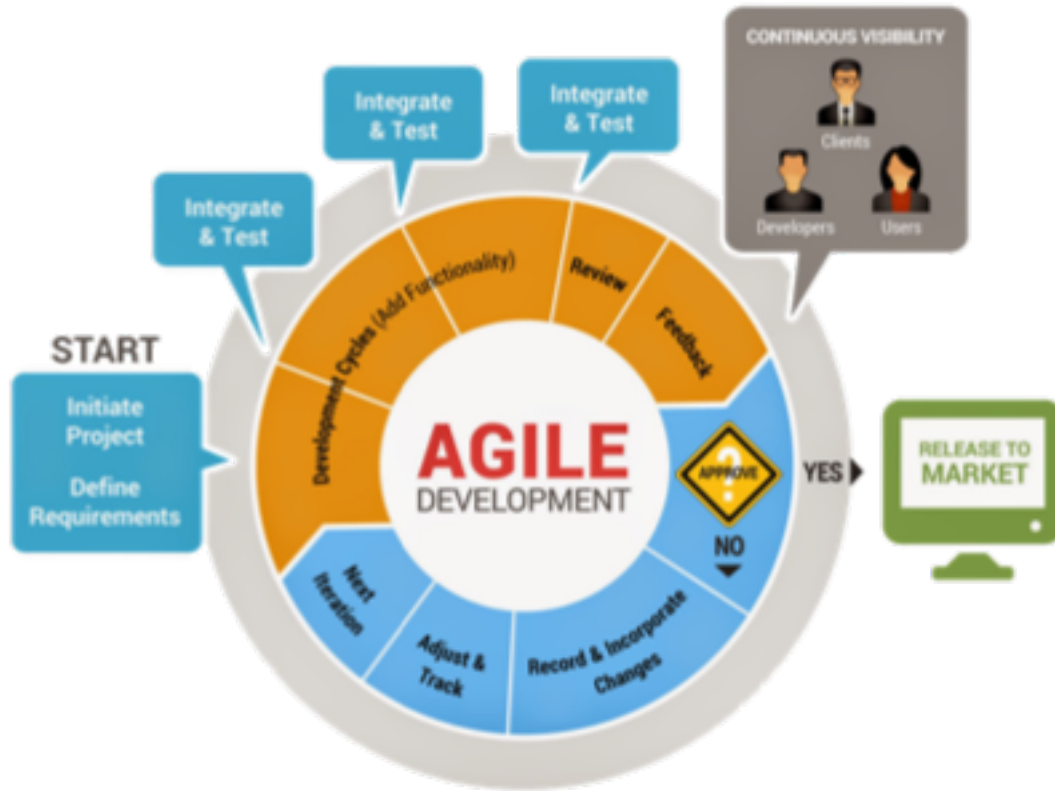

INTEGRATION PLATFORMS
WITH > 200 SMEs

IaaS

2 DATA CENTERS
disaster recovery and redundancy
**3rd centre to be setup in Q3 2018*

We are a Dell house with main Cloud facing infrastructure being Dell Blade chassis in our collocation data centres, similar to Yahoo, Google and other large cloud implementations require, especially high concurrency, load balancing and a redundancy environment. We have capacity to scale with additional Dell Blade chassis on standby.

ENGAGEMENT METHODOLOGY

CONTINUOUS CYCLES
MULTIPLE METHODOLOGIES
FLEXIBLE / CONTINUOUS EVOLUTION

SMALL, HIGH-FUNCTIONING
COLLABORATIVE TEAMS
USER INVOLVEMENT

THE FUTURE OF BUSINESS

HOW BUSINESSES ARE BEING REINVENTED

CUSTOMER TRANSFORMATION

Under Armour has invested close to \$800 million in health and fitness apps

Connected Fitness "becomes a force multiplier that takes us from shirts-and-shoes company to true technology company."
CEO, Kevin Plank

Operating Model
Transformation

41%

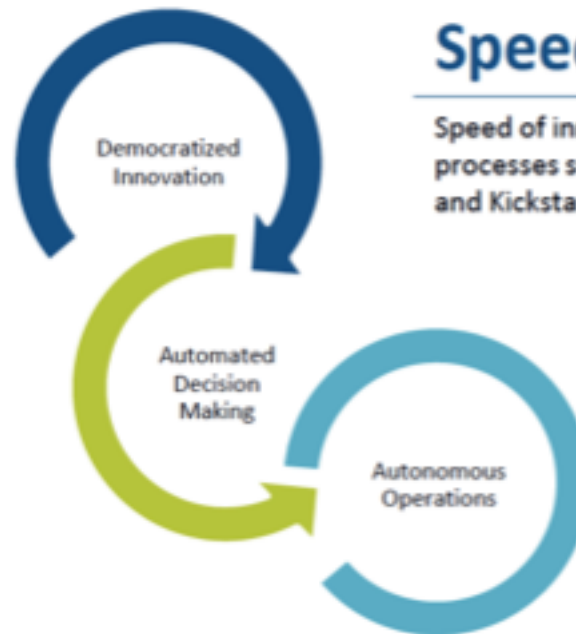

“Create new business models”

Q: What are the top 3 goals of your Digital Transformation initiative? IDC Line of Business Sentiment Study, Fall, 2016.

SCALE AND SPEED WILL BE ACHIEVED WITH DIGITAL BUSINESS OPERATIONS

Improve Quality

Improve quality with automated assistance technologies that augment and support workers in all aspects of their jobs

Speed of Innovation

Speed of innovation processes with democratized processes such as ideation campaigns, expert networks, and Kickstarter-like funding

Reduce Costs

Reduce costs of operations with self healing, self optimized, and self organizing systems

DIGITAL TRANSFORMATION

STREAMLINE CORE PROCESS

CREATE NEW SERVICES

IMPROVE USER EXPERIENCE

BOOST PRODUCTIVITY

INCREASE COLLABORATION

DRIVE INNOVATION

EFFECTIVE, ENGAGED AND EMERGED COMMUNICATION
CONNECTED AGRICULTURE COMMUNITY

agbiz 24/7

Connected Agriculture Community

To live a better today and build a better tomorrow.

Offering a unique customer proposition in the agribusiness environment, providing a seamless, frictionless, personalised, digital experience to Agbiz members. This positions Agbiz as the premier Digital Agribusiness Platform of choice. A member, as well as any and agribusiness value chain participant, now has access to a central point of contact, positioned as an enablement platform in the palm of their hands. This platform is fed from deep insight into the customers' needs, wants and behaviour, resultantly providing significant value to the user in question.

Integrated Agribusiness Platform

Source: Unicorn Dinosaurs Report by TUNE

ReddiCore™ Software assists an enterprise to successfully navigate the uncertain waters of digital transformation by providing a digital enablement capability

A revolutionary Digital Agribusiness Platform

Introduced by the leading agribusiness association in Africa.

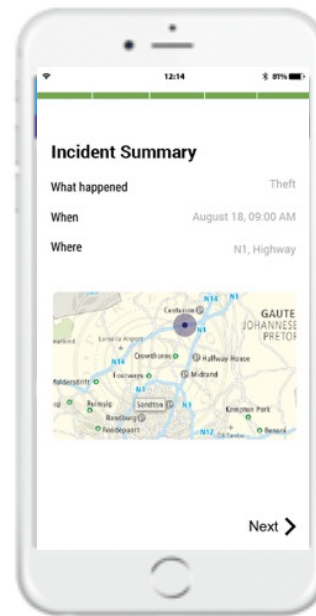

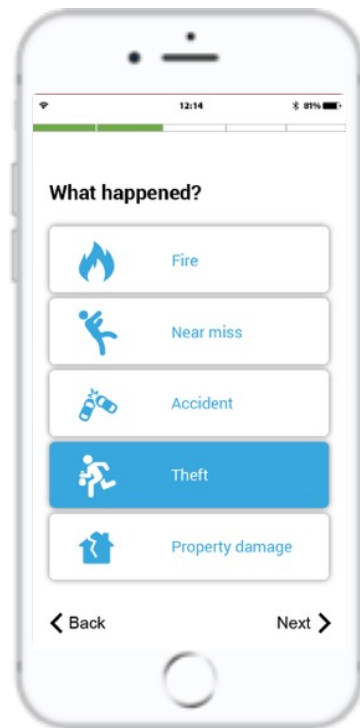

The Agbiz digital enablement platform is the first of its kind in Africa.

The platform is driven through a best practice revolutionary enterprise level cloud-app technology suite, with its aim to empower Africans to effectively participate as digital citizens in a connected agribusiness society.

Agbiz Grain Incident Reporting

Introduced by the leading agribusiness association in Africa.

The Agbiz Digital Enablement Platform will enable Agribusiness as a collective to increase the effectivity and efficiency of incident reporting.

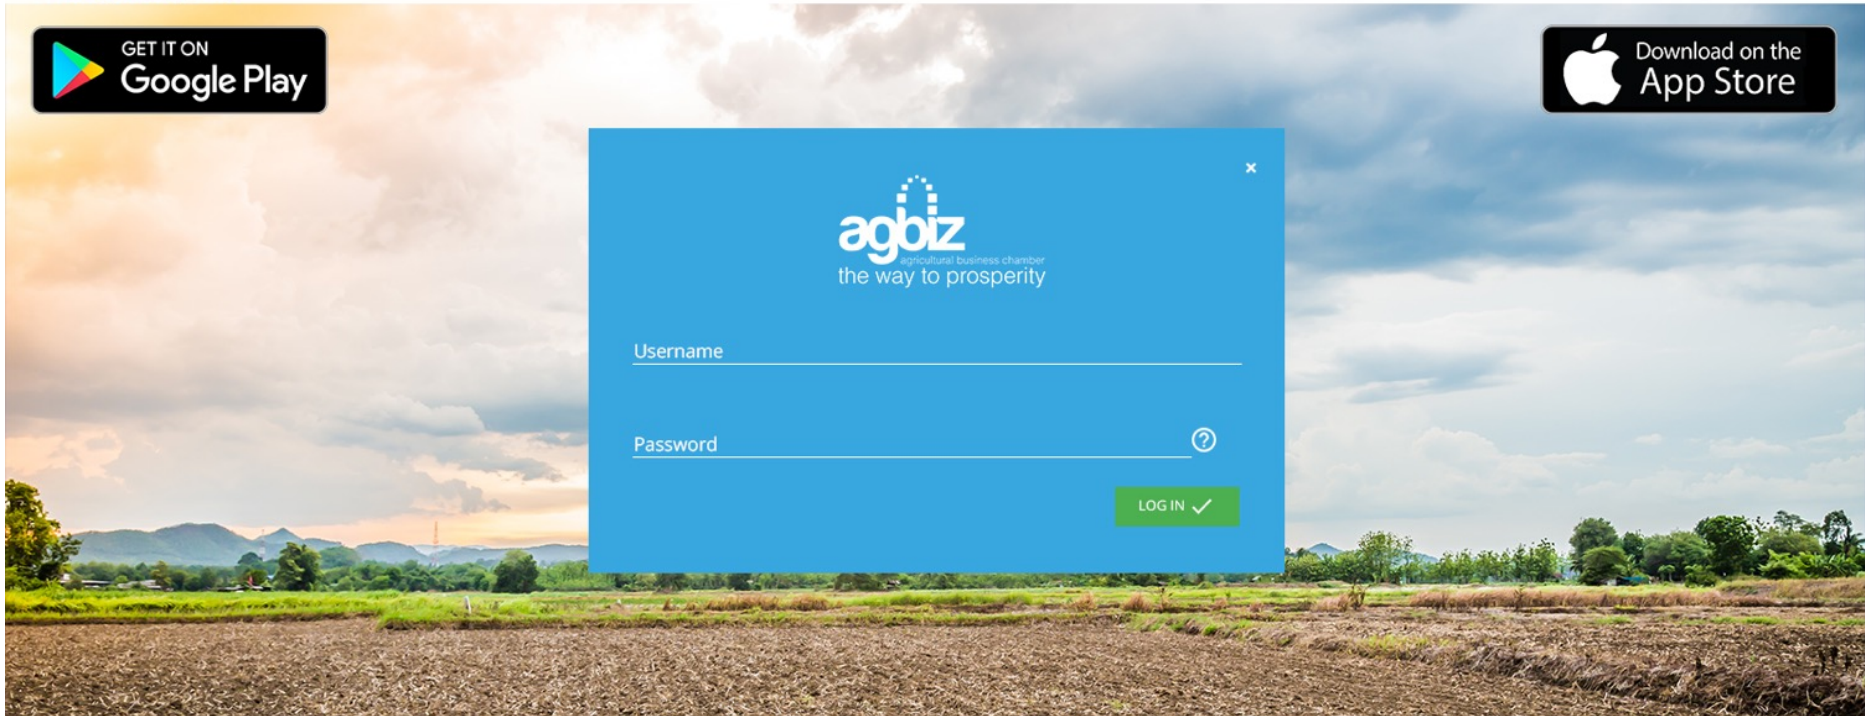

By collectively gathering and interpreting incident data, agribusiness will have more insight into the threats to their day-to-day operations.

As insight drives growth, future planning will also be directly impacted through successful incident reporting
